June 2, 2017

Dear Wake Acceleration Academies Students and Families,

We are writing to inform you of changes in the way we serve students seeking a second-chance opportunity to receive a high school diploma.

On Friday, June 30, our Wake Acceleration Academies locations will close. Later this summer, WCPSS will move our dropout recovery program from the Acceleration Academies to the new SCORE high school (Second Chance Online Resource for Education).

We know the current program has provided a valuable option for continuing your high school education, so we want to assure you that the Wake County Public School System remains committed to helping you graduate. The program replacing the Acceleration Academies will still provide a flexible combination of face-to-face and online instruction. In addition, we will work with the Wake Technical Community College Adult Diploma program and other community options.

WCPSS will be working closely with Wake Acceleration Academies staff in the coming weeks to ensure you receive detailed information regarding SCORE and other educational opportunities that best fit your needs. We will share this information with you at school, and more will follow via email and printed information sent to your home mailing address. Also, we will be scheduling several on-site information sessions for students and families this summer. You will be notified as soon as these are scheduled.

You are to be commended for the re-commitment that you have made to graduating. We look forward to supporting you as you continue your efforts to do so.

Sincerely,

Drew Cook
Senior Director of High School Programs
Wake County Public School System
