Sir

One last thing I wanted you to see. The day of my arrest I had Deputy Knight as well as other deputies degrading me verbally and calling me all sorts of vulgar names such as [REDACTED] and other choice words which I don't feel is appropriate to repeat to you. They were telling me quote what a [REDACTED] I am. They know nothing about me. I am a good person.

Please read this attached letter from Major General Reeder. He is a two star General whom I worked for in Special Forces. He very recently wrote this very strong character letter for me when I was being separated from the Army.

Someone of his stature would not write a letter about me this good if it was not true.

Very Respectfully

John Gill
